

POLICY FOR FLORISTS

Saint Gabriel Parish does not provide janitorial services on the weekends. It is, therefore, the responsibility of the florist or of the wedding party to clean up following the wedding ceremony. The following directives must be observed:

- **Floral arrangements in the sanctuary must consist of natural flowers and materials.**
- **Florists will not move the altar furnishings or existing sanctuary arrangements to accommodate floral arrangements nor place anything on the Altar of Sacrifice.**
- **The flower girl or other bridal attendant is not permitted to drop flowers or flower petals in the main aisle during the processional.**
- **Throwing rice, birdseed or other objects is prohibited inside or outside of the church.**
- **Pew markers / décor may not be attached with tape because they are damaging to the wood finish. Rubber bands are recommended.**
- **Any natural floral arrangements may be left for the altar as a gift to the church.**
